99.9% of the Candidates who attended the PMT / PET were Biometrically verified with their records that had been created during Preliminary Written Test and only on such authentication they were administered the PMT / PET. In the case of rest 0.1% (less than 250 Candidates), other reliable alternative methods of authentication have been employed. The Venues of Khammam, Karimnagar, Nalgonda and Mahbubnagar functioned for 20-30 working days and these 4 Venues administered PMT / PET to nearly 40% of the total Candidates. Adilabad, Nizamabad and Sangareddy catering to lesser demands, functioned for 10-15 working days and have taken care of the remaining 12-15% of the Candidates.
